I. Welcome and Call to Order

The meeting was called to order. Roll call was completed for workgroup members. A quorum was not present, so these notes serve as a record of the discussion that took place.

II. Review of Minutes

The minutes from the April 2nd meeting were unable to be approved, as a quorum of members was not present to vote.

III. Update on Implementation

No tentative implementation date after delaying due to statewide response to COVID-19. Additional conversations between DCFS and HFS are needed.

Shawnte provided an update for YouthCare progress.

Of the youth in care in the high level of need priority groups, only six screenings are left to complete.

As of 04/16/20, more than 10,000 screenings have been completed for current youth in care. Over 56,000 outreach calls were made for this population.

More than 5,500 screenings have been completed for former youth in care. Over 58,000 outreach calls have been made.

Questions/Comments from Workgroup

Q: Does anyone have any ideas or feedback in outreach to help engage former youth in care adoptive parents?

A: Should try reaching out to Adoption Preservation Program. Contact Kathleen Bush. Time of day during outreach should be taken into consideration. Evenings and weekend calls may provide better results. Make sure contact information is accurate. Social media should be leveraged since young adults may be most receptive to this medium. Could put up a flyer/visual in pharmacies across the state.

A crisis plan should be developed for those youth that haven't been reached but may end up in an emergency.
